Luxurious Life at Thane by Sameer

Article published on January 19th 2012 | Real Estate

Thane, the northeastern suburb of Mumbai enjoys close proximity to the financial capital of the country and is considered to be highly developed. The culture in Thane is predominantly Maharashtrian but also cosmopolitan in some ways.

The real estate in Thane is developing at a fast pace as a good number of residential and commercial properties are being constructed here. Though it started out as an industrial hub and is known as pretty much this even today, it is interesting to note that many residential townships are coming up in Thane.

The prices of the residential properties in Mumbai have sky rocketed. Property market in Thane has huge potential followed by real estate in Pune, Chennai, Bangalore and Hyderabad. Ample amount of money is invested to develop property in Thane for both commercial and residential to meet the growing demand for property.

Some of the property developers in Thane are Lodha Developers, Kalpataru, Dosti and Vijay Group. When it comes to realty in Thane, Vijay Group has emerged as the most reputed and trustworthy developers. Vijay Group, a brand name in the real estate industry offering good quality, excellent service, price and superior value and good will. Today, Vijay Group stands as a leading business group and a trusted name in construction industry. Besides this the timely completion of projects has made eligible them to get quick approval from the leading financial institutions of India.
