These days the demand of learning arts like photography, dance, painting, music has been increased. The people, who are learning these kinds of arts, mostly want to be famous and rich. The photography is an emerging trend these days. Many young people have diverted their interest towards photography. with the increasing attraction of fashion world. Many of the existing and famous photographers, who have their own photography studios, have taken this as an opportunity and they have started teaching the photography also apart from the regular indoor photo shoots or outdoor photo shoot London, they have started earning more money by this.

They were able to generate more income from teaching the photography rather than from doing the regular photo shoots. They also started lending their equipments of photography studios on rent. By lending the equipments of photography studios they were able to earn higher amount of money.

One should keep in mind some suggestions while doing a photo shoot:

- > One should keep the camera with himself always so that he / she can get the natural click which is far better than the posed click.
- > While in the photo shoot one should develop the habit of multi clicking so that he / she can get the more pictures and can select the best pictures among all the pictures.
- > The photographer should decide the place of photography in such way that gives the best result to the picture without doing much setting in the camera.
- > The photographer should learn from his mistakes of the previous photo shoots. This habit of the photographer will lead him to gradually get the highest quality of the picture.
- > While doing a photoshoot locations. in a dark place it is advisable for a photographer to use the flash in such a manner that can give the brightness to the picture in sufficient manner.
- > o For any kind of photo shoot the back ground is the most important part. Generally for outdoor photo shoots the photographers prefers photoshoot London. The reason why they prefer photo shoot London is the cost effectiveness of doing it in London. -> The photographer should grab the chance of publishing his pictures.
- > He should be able to take the criticism for his picture so that he can improve the quality gradually.
- > The photographer should develop the creative way of photography he should learn to see the object with different perspective.
- > Editing the picture at the end will be effective to improve the quality of the picture.
