Leimo Hair Care System: the Ideal Yuletide Gift by [Amanda Hudson](#)

Article published on January 2nd 2012 | [Alternative Medicine](#)

Christmas is the season of giving, a time to share what you have in the forms of gifts and surprises. This year, you can spread the Christmas spirit by giving presents to your family, friends and relatives. What better way to do this than to give them something special, right?

Today, give the people you love a chance to regrow a beautiful head of hair with the Leimo hair care products. This suite of hair care system is the most ideal gift you can give for your loved-ones who are experiencing hair loss and hair thinning conditions.

Enriched with all natural ingredients like nettle, saw palmetto, rosemary and grape seed extracts, the Leimo hair care system aims to reverse the hair loss process safely and effectively. It inhibits the build-up of dihydrotestosterone (DHT) and prevents the miniaturization of the hair follicles through its set of wet products (Leimo Hair Treatment Pack).

In addition, it rejuvenates the scalp and the hair follicles through its cutting-edge laser hair therapy (Leimo Personal Hair Laser). The Leimo Personal Hair Laser hastens hair regrowth via the principle of low level laser therapy and light emitting diode therapy.

So, if you are planning to purchase this hair care system as a gift for your family, relatives and friends, contact Leimo International through their customer service support at: 1800-280-250 for Australia; 0800-453-466 for New Zealand; 203-318-1742 for UK; and (+44) 2033-181-742 for other countries. You can also visit their web portals at www.leimo.co.uk, www.leimo.com.au and www.leimo.com.

Leimo Hair Clinic in a Box

Today, Leimo International announces the release of their latest set of hair care system, the Leimo Hair Clinic in a Box™. This suite of hair care essentials provides hair-clinic like treatment in the privilege of your home or anywhere you want.

This combination of topical wet products and laser hair therapy helps prevent the progression of hair loss and stimulate hair regrowth safely and effectively. If you want to learn more about this suite of hair loss treatment, feel free to contact Leimo International through online or hotline communication.
