Atlanta-A city where business and pleasure comes together! by [Joel Jensen](#)

Article published on March 7th 2012 | [Aviation](#)

Incorporated in 1845, Atlanta began its journey as a settlement and is nestled amidst the intersection of two railroad lines. Today, the city has grown a lot in significance and has become a major business city. The city has also become main hub of transportation of the Southeastern United States. Since 1998, Atlanta Airport has gained lot of popularity as world's busiest airport.

These days, many airlines are offering flights to Atlanta making it feasible for the visitors to visit this magnificent city. There are many cheap flights to Atlanta plying their services and making it easier for the people with limited means to visit this city.

This is the city of living, of throbbing life, and its labyrinthine byways tend to subsume you once you reach here. In the night, the galaxy of neon lights beckons the visitors and carries lot of promises in store.

Modernism dominates architecture in Atlanta and it is reflected in its commercial buildings. Going back to 1880s, there are many buildings that reminds us of the bygone era. Its hometown architect, John Portman had a signature style that can be still seen in many of the buildings in Atlanta. As far as residential buildings are concerned, right from Victorian cottages to Revival styles can be seen here.

Plane tickets to Atlanta are easily available and sometimes even airline discount is also available.

This makes journey to this place affordable and one can spend the money saved in various exciting activities held in the city.

As of 2010, in all of United States of America, the city is the seventh-most visited city. About 35 million visitors visit Atlanta per year.

Places to Visit

Zoo Atlanta

Zoo Atlanta is a place where many animals and exhibits can be seen. The zoo draws many visitors and it can be found crowded every time. Kids enjoy a lot as there is a playground and carousel that excites them a lot. Gorillas and orang-utans loiter around which are crowd pullers.

Centennial Olympic Park

This beautiful park is spread over sprawling area 21 acres wherein many pavilions, an amphitheatre, water gardens, and the Fountain of Rings are encompassed.

CNN Tour

The popular news channel CNN also pulls a big crowd and it is actually cool to visit this place rather being quite boring. The duration of the tour is about 45 minutes. To escape long lines in the queue, one should book tickets well in advance. One can watch the newscasters life closely and can find out how the weather maps appear below a meteorologist and much more.

Coca Cola Museum

This museum offers a way to enjoy soda fountains at the end and know about dozens of sodas from all over the world. It is quite interesting to know more about the history of the soft drink and how it had an impact on the culture of US.

Atlanta is a beautiful city and since it beautifully encompasses features of rich culture as well as modern aspects, which makes the place unique. Cheap tickets to Atlanta makes it possible to visit the place.
