- â€¢ Transloading
- â€¢ CFS Customs Bonded facility
- â€¢ PO Management
- â€¢ Rail, Trucking, & Domestic Air Brokerage
- â€¢ Complete Warehousing Services
- â€¢ Pick & Pack / Distribution
- â€¢ POP and pallets displays
- â€¢ Fulfillment
- â€¢ Kiting
- â€¢ Line Sequencing / Metering
- â€¢ Expedited Trucking
- â€¢ Supply Chain Analysis & Consulting

All of Mitco's products & services are supported through a world class management system bringing web based access and visibility to your shipments both domestic and international in real time.

Beyond Mitco's ability to handle your logistics needs at the highest level of service our management system provides unmatched control of your supply chain. Real time information at your fingertips allows for:

- â€¢ Visibility of the supply chain from origination to delivery
- â€¢ Transportation and inventory reports to measure vendor performance
- â€¢ Develop and track key performance indicators
- â€¢ Identify and leverage quality transportation partners
- â€¢ Landed cost visibility

Viewing of cargo status at multiple levels including PO, SKU, Container, or even purchasing department or buyer.

â€¢ Speed up or slow down shipments in the supply chain

â€¢ Make strategic warehousing decisions

â€¢ Stop and store orders that have been cancelled or delayed

â€¢ Create custom automated alerts regarding cargo status

â€¢ Enhance ability to identify opportunities and problems proactively

We specialize in providing your company with the most efficient and effective distribution plan possible, while integrating the best combination of cost, service and flexibility like 3rd party warehousing, Transportation management, facilities management, cross docking, inventory management, experienced staff specializing in rapid start up and logistics consulting.

Mitco Limited is proud to make our service performance public.
