ColorFx- Closer to real life by [James Blee](#)

Article published on May 11th 2012 | [Business](#)

According to one recently concluded survey, the fan following for colorfx is on the rise. Given the fact that entire economy is undergoing through turbulent inflationary trend, such a fascination among its loyal customer is not surprising at all.

After all, colorfx is best known for offering fantastic wholesale prices on products such as newsletter and calendars. It may be noted, these are the products which scores of graphic design companies are popular for. When it comes to the business modules making use of these products, they contend it helps them immensely in reaching their target group of customers.

Whatever be the case, one thing is absolutely true about printing companies. They employ expert designers as a result of which clients are benefitted in a huge way. For instance the advertising materials are resigned in such a manner that it fulfills the parameters of the advertisement campaign they indulge with.

Calendars and newsletters are two such products which many business modules prefer printing in regular intervals. Remember “these are powerful advertising and marketing tools. For instance, they are given to customers with an intention that it will help in earning customer loyalty. Customers too are more than happy to get these products which ensure the business module gifting it remains in their good books. The greatest advantage of resorting to this small measure can be seen in an increased sales volume.

Experts of the industry have a piece of advice for you in case you too are thinking of applying these products in your marketing strategies. Because you will be required to give these items at regular intervals, it is recommended you get them printed in bulk. This way, you will be able to reap the benefits associated with wholesale prices. This initiative from your end is sure to yield rich dividends in the form of huge savings in your costs. The good news is that companies dealing with such wholesale supply are on the rise and therefore finding one will not be a daunting task.
