For high quality glass reinforced plastic at great prices contact HR Fibreglass by [Angie Turner](#)

Article published on June 16th 2012 | [Business](#)

HR Fibreglass are the glass reinforced plastic arm of HR Kilns Ltd established in Lancashire in 2005. We have become renowned through out the engineering world as a company that will produce not only glass reinforced plastic products of very high quality, competitively priced GRP gratings but a innovative company to whom customer service is of the utmost importance. Our experts are with you every step of the way from your initial enquiry and expert advice to supplying the bespoke sized material (in our own plant based in Skelmersdale) which can be cut free of charge by us with our vertical saw, to the actual fitting of the GRP gratings. We have the utmost confidence that we will deliver your goods in the specified time and you will be 100% happy with your purchase.

Glass reinforced Plastic is a revolutionary product it can be used in a multitude of sectors, the GRP gratings are fantastic as they weigh around 50% less than steel so therefore do not require the same amount of support, which of course saves time and money alike. Glass reinforced plastic also makes fantastic non slip flooring when it is manufactured with carbon and silicon grit ideal for any surface which comes into contact with a lot of water such as swimming pools, industrial plants and catering establishments.

We aim to give you a great product at a great price as well as ensuring the level of customer satisfaction which is second to none. We have a great partnership with the Far East and have a base there which enables us high production and allows our G R P to be of the most competitive of prices, contact the experts today via our website at [www.hrfibreglass.co.uk](http://www.hrfibreglass.co.uk) or call 0772 505 3195 where our highly trained personnel will advise you on the best solution for your needs.
