In the creation of a professional business, the 100% foreigners, individual businesses or civil companies are permitted. These businesses can participate in professional activities or artisans, but the number of officials that can be employees is limited. A national one of the EAU should be appointed as the agent of local service, but does not have direct participation in the business and a quantity is paid to so much raised and / or percentage of the profits or sales. Economy of the EAU is clearly divided among the "land" of the sector, dominated by the interests of the local businesses, with the restrictions to the foreign property, and the 'offshore' of the sector, that consists of a series of duty-free zones.

There are not taxes to speak of, or on the high seas, but the 100% of foreign property and the customs privileges that the duty-free zones, the most favorable places in the Middle East for the international operations.
