Calcutta is known as city of joy. It was renamed as Kolkata in 2001. It is not only identified by the devotional work of mother Teresa, it has a rich cultural heritage also which is yet to be experienced by its visitors. The human resource of this city in domestic and international market has an increasing demand. It proves that there is scope for the best professional education for the citizens of Kolkata. Business management studies of Kolkata have shown its excellence in professional studies. According to avail this studies opportunity the demand for the residence in Kolkata is rising high, everyone wants either a property or a flat here.

According to a recent study performed by the Associated Chambers of Commerce and Industry of India (ASSOCHAM) it is revealed that 4.19% job of India is created by Kolkata. According to this analysis of the ASSOCHAM Kolkata is beside the NCR (National Capital Region) as a potential employment destination in the country. In order to feed these education facilities several real estate companies are working to make flats and property in Kolkata for the people. Eden group is one of them and they are doing different projects for the people. You can ask for a property or flat in Kolkata according to your location preference because they are having some projects in different locations of the city.

Prior to the British education it was found that Bengali and Sanskrit were the medium of education but after the British Empire being set up in the city, western education were brought up for their own interest. The modern education was welcomed with due appreciation but different changes were made by some scholars of Bengal like Pandit Iswar Chandra Vidyasagar, Raja Rammohan Roy etc.

Eden group is making various optional super builds flats and real estate Kolkata to meet the different needs of the people. For example there are 2 bedrooms, 3 bedrooms flats in different square foot area. They have both commercial and residential projects. Commercial projects are completed whether some of the residential projects are completed, others are current and future. They provide residential property at different locations of Kolkata city especially south Kolkata. They have provided some facilities also like elevators, generators, intercom, broadband facility etc. There are career opportunities also with the Eden group and they have created some job opportunities also in Kolkata and Bengal.

Kolkata is a preferred city for the employment lover because there are different job scopes for the job seekers. It has many promising jobs for the enthusiastic people. Many career seeking people are pursuing MBA in Kolkata to enhance their career. Among them some are coming from other states also and they are in a sharp need for a residence in Kolkata.

Kolkata is also liked for the houses and flats in Kolkata for sale; many natives want to buy wonderful houses. Craze for the house for sale in Kolkata is increasing rapidly according to the demand of the people. There are various ranged flats which are affordable by people of all layers of the society. So real estate in Kolkata is increasing and people are interested to acquire a property within their budget.
