Sorting out Forge from the Best Packers and Movers in India by [Susan Elvis](#)

Article published on January 5th 2012 | [Business](#)

Well, this is not as simple as one may think. A forge company works exactly as a real one they can produce the same paperwork and can make a replica of the original license card. The world we are living in is packed with technology, where computer plays crucial role. And nothing is impossible, so making an exact replica of a license card would hardly take an hour. So, how can we fight this fraud cases and how can we find ways to identify a forge agency, is something experts have been working on for years. Since people are more talented than machines and every time we think that we have got them, it is number of time we fail. It is here we must play with their psychological mind rather than taking help from the gizmos and machines. Since we have the best movers and packers in Kolkata they could be others with the same name and professionalism. All we need to understand that a cheap or a fraud agency will always charge you with minimum rate. But this could be seen with a smaller firm that could also charge you with nominal cost.

Well, this is certainly serious because you may ignore or accept the forge agency to save your money. This is where you would be making a grave mistake by hiring a fake company. So, how can you identify the forge agency from a real firm, all you need to do is to go through their verification identity form and look closely for their previous customers and clients that they have served them. Before hiring packers and movers in Kolkata, keep in mind that self investigation is quite essential. Try to cross-examine them about their term of existence in the market, their background, and even talk about their agency with your near and dear ones to get a brief idea on them. After personal investigation is over you can now hire them only if you are satisfied with their instant reply. Another, important step that you can take is, send someone say your relative or your spouse and if your kids are quite matured then involve them. Put them in work and instruct them to have close check on every move made by them. Let your family people be with the vehicle and supervise them at every step.

The above measure and close check made through personal investigation will insure your goods and other house hold items to be at a safer side. Keep in mind packers and movers in India are countless in the country but they could be forge agencies that might be utilizing the name to run their business. So, awareness and keen sense of IQ will obviously put you at a safer side.
