Tips of Choosing Cocktail Dresses for Pear Shaped Figures by [Cristina](#)

Article published on February 22nd 2012 | [Clothing](#)

When you are looking for your ideal cocktail dress, one of the most important factors that you need to take into account is your body shape that has the crucial effect on the choice of the silhouette of the skirt. What is your body type? Do you know how to opt for the fitted style according to your figure? Read on and this article mainly tells you some tips of choosing the flattering outfit for women with pear shaped figures.

It is a good idea to stay away from the low v-neck clothes. The reason is that the special neckline can draw people's attention to your lower part of body that is not so perfect. You had better make sure the neckline can make others focus the attention on your face and the perfect features.

In order to conceal the parts that you are not satisfied with, the cheap cocktail dresses with the flowing skirt should be landed on the list of the best choice. As we all know that the fabrics have the important effect. Steer clear of clingy or stretchy fabrics that can highlight every bulge and curve. An outfit that floats or skims over your hips will be the most comfortable and the most flattering.

Since you have got slender waist, there is no doubt that the pattern that offers you a good chance to highlight it is worth collecting. Generally speaking, the cheap cocktail dresses with belts, sashes and dramatic embellishments on the waist emphasizing a small waist while de-emphasizing large hips are flattering for women with pear shapes.

In addition, pay attention to your foundation garments. Ensure the pattern you are interested in will work well with and hide the undergarments you need to look your best and feel comfortable. Either way, the key point is that you should ensure the short cocktail dress will make your most charming side accentuated.

Of course, the color of the skirt should not be ignored. In a general way, most women would like to choose the favorite shades forgetting to consider the skin tone. Your complexion will determine which color will look great on you. For women with pear shapes, it is advisable to select the solid shades for the bottom half of your skirt. It is easy to find that with the development of the fashion; a lot of popular elements are added to the design. Large prints draw attention and add bulk to the area you want to de-emphasize so that the similar style is not suitable for you. At last, match your beautiful cocktail dress 2012 with nice accessories like the jewelry, shoes, and bags and so on and your beauty will be accentuated, surely.
