Article published on March 1st 2012 | [Clothing](#)

If the summer is going to be hotter in 2012, so no less are you! Blame the latest trends in dresses to pamper and spoil you this summer. These dresses are all set to flatter your perfect body figure and make you look absolutely adorable. The 2012 dress varieties come in such a great variety that it seems almost impossible to zero-in on a single one. These apparels come in different lengths, styles and colors providing every woman with an opportunity to find something she likes a lot. After all admirable attention can never be refused by girls blessed with the natural beauty.

No matter for traveling to a beautiful beach or attending a summer party, check the latest trends in vogue this season that you can sport with style.

**Asymmetrical Hemlines:** Asymmetrical hemline is an incredible summer 2012 trend which extends not only to dresses but to various tops and coats, too. An asymmetrical dress can have an asymmetrical hemline where the fabrics are totally free flowing. Normally, the fabric utilised are soft in texture. These dresses are hugely trendy and you can notice several Hollywood celebrities sporting these. There are different sorts of asymmetrical hemline like the handkerchief type, the diagonal-cut and the skewed hemline. This form of asymmetrical dress does not focus on the upper element of the entire body but the lower element or the hemlines.

**Mini Dresses:** No summer collection is complete without the mini dress being picked in the lot. It is the hottest thing you can sport in the summer days that is available in lots of styles and designs. Favourite apparel for party occasions, you can choose from; one shoulder dress, sexy open back dresses or go for one of our black or red plunging neckline or lace mini dresses! If looking for latest and attractive dresses for party, then you can surf for some new styles of mini dresses that will help you look stylish and your dressing attractive.

**Midi-Length Dresses:** Midi-length dresses are perfect for those who dislike the long maxi dresses and are too shy to wear mini dresses. Indeed they are a saving grace on numerous occasions! Midi dresses look good on women of all ages and can be good for many occasions. Loose midi length skirts and dresses with knots at the waist shirts, are a summer statement you can make. Wear it to a red carpet event, outdoor hangouts or at a glamorous cocktail party, these dresses make you feel elegant everywhere you go.

**Floral-Printed Dresses:** Come Summer, everything seems to get full of life with vibrant colors all around. Floral dresses accompanied with extra colors and fancy patterns are going to be very trendy during Summer 2012. Be it delicate and small or large flowery prints, they both look equally feminine and beautiful on sunny days. A must have in the summer wardrobe of women, floral dresses are a great choice for women who possess some great taste and are always up to date on fashion. So go ahead and showcase your great taste the flowery way!

**Glittering Dresses:** So you don't want it simple and plain? If you want all attention centered at you in a reunion party, just try one of the glittering dresses in the store to step out glamorous. You can sport a silver or gold dress or find a bolder option in green, red or blue to shine your way in the event. Check out the designed fantastic sequined gowns in market or a few dresses in the colour of liquid metal. Make sure to try the ones with iridescent hues.

**White Dresses:** A hot favourite in every warm season white dresses are among the easiest picks during summer 2012. They come in different fabrics, styles and look always lovely, making them a comfortable wear in any given occasion. Be it weddings, graduation parties or regular office wear,

white dresses can do absolute wonders to your look. However these dresses look great on milky-white complexions rather than dark skin tones. When wearing white, make sure to the fitting of the dress is absolutely perfect.
