How to Unlock a Cell Phone – a Step by Step Guide [Editor123](#)

Article published on February 3rd 2012 | [Communication](#)

Cell phone unlocking is an extremely simple process that does not require very much time at all. It will free your cell phone up for the ability to be used on different cellular phone provider's networks as well as allow you to use your unlock cell phone in other countries around the world without having to pay the excessive fees that domestic phone plans charge for that service.

The first step is to make sure that your phone is the type that can be unlocked. This is what is known as a GSM type phone, and is easily identifiable by finding out if your cell phone has a SIM card installed in it. If there is a SIM card installed, chances are excellent that your phone is one that can be unlocked.

Once you have determined that it can be done to your phone, you will need to find a cell phone unlock code provider. [Unlockthatphone.com](#) is the premier provider online for unlock cell phone codes and has been for many years. After completing a few simple steps as detailed on their web site, you will be able to unlock cell phone and use your phone on the network of your choosing. Cell phone unlock codes are simple to use and are totally legal as well as not damaging to your cell phone. The customer service experts at [Unlockthatphone.com](#) will walk you through the steps to using your cell phone unlock codes and make sure you are in working condition when all is completed.

Phone unlocking codes are legal, and are safe for your phone. The choice of which provider you would like to use should not be limited to the phone you own, or wish to own. Unlock codes make it possible to use the phone you want on the network you choose, and allows you the freedom to choose the combination rather than being stuck with whatever your preferred provider says you have to use. unlock codes are a reliable method to allow you to make the best possible choices available to you when deciding on cell phone usage packages and not force you to be limited to whatever is available at the time you choose to buy.

phone unlocking is easy and unlock codes are available anytime at [Unlockthatphone.com](#). Check them out today and be on your way to cellular freedom.
