Article published on April 16th 2012 | [Computer](#)

We can find many online gaming websites that offer online games to play. They are fun, easy to play and totally free. There are various types of games available and recently dress up games is attracting lot of attention from the girls of all ages. Girls are increasingly getting fond of these games. These games bring out the creative side for many girls. Most feel that it gives them an opportunity to express their originality. Many feel that these games are almost akin to dressing up the dolls. Furthermore, free dress up games helps the girls in improving their dressing sense and personality development. Most girls find these games fully entertaining.

Role of Makeup Games

Makeup Games are one among the popular types of dress up games available across the internet. These games facilitate the girls to express their creativity and make-up skills. Majority of make-up games are developed and designed in such manner that players can select the color of eye shadow, color of lips, skin tone and color of cheeks on their own. These dress games not only give fun and enjoyment but also help in giving some suggestions to have stylish looks with fewer efforts.

Role of Fashion Games

Fashion games are another popular free dress up games available online. These games have proved to be the best way of expressing their individuality and dressing sense. Majority of well-known online fashion games facilitate players in matching and mixing various shoes, tops and bottoms, so that they could give an attractive look on their own. Moreover, these games incorporated various accessories in the form of tights, belts and purses and so on. In addition, most of the dress up games gives opportunity to girls to design their own fabric that goes well with their new style statement.

Role of Room Decoration Games

Girls are also fond of room dress up games, along with fashion and make-up games. The online games featuring the options of room styling have become the latest trend of online dress up games for girls.
