Mr. Carlos Pools and Construction Inc. Has Received Numerous Positive Reviews by [Anderson Kevin](#)

Article published on May 14th 2012 | [Customer Service](#)

A family-owned business, Mr. Carlos Pools and Construction Inc. specializes in constructing quality pools in Southern California. Established in 1959, the company follows a personalized approach and has received a number of excellent reviews from satisfied customers. As per Mr. Carlos Pools and Construction Inc. reviews, the company stands behind the quality of every pool it builds and offers exceptional customer service. It provides a unique structural warranty and an extended warranty on its heaters, filters and pumps. The company takes care of the permits and also arranges for the pool inspections.

As shown in Mr. Carlos Pools and Construction Inc. reviews, the company has a dedicated team of design experts who work hard to ensure that the pool meets the preferences and needs of clients. These professionals have vast amount of experience and knowledge of pool building industry and can help you select the right size, shape and layout of swimming pool for area you want to work with. Moreover, these design experts can also provide you guidance and advice regarding several add-on choices such as waterfalls and landscaping. Owing to its customer-oriented approach, the firm has gained a wide list of clientele.

The company is licensed through California State Licensing Board and has constructed many pools across Southern California. It maintains friendly relations with customers and takes pride in providing quality pool building services at very affordable prices. The price encompasses equipment, plumbing, excavation, plastering, electrical, Gunitite and Bullnose Brick Coping. The overall cost depends on location, condition of soil, size as well as complexity of features. The company's in-ground gunitite pools usually start at \$21, 995. The firm is committed to offering quality services and utilizes only the best Pentair products that can help customers save the energy-cost by up to 90 percent. The equipment is tested for proper operation and leaks, and after plastering, water is added to the pool.

Mr. Carlos Pools and Construction Inc. encourages its clients to submit their reviews so that it can improve its products and services. For more detailed information regarding the services offered by the company, do not hesitate to browse through <http://www.mrcarlos.com>.
