Article published on March 6th 2012 | [Customer Service](#)

Mr. Carlos Pools and Construction, Inc. is a family owned business that has been building high quality swimming pools across Southern California, since 1959. Unlike other pool builders, the company's experts follow a personal approach and guide every customer on the different option in swimming pools, including their size, shape and overall layout. The combination of highly professional and personal services offered by the experts has set the company apart from other pool building companies in the region.

Licensed through the California State Licensing Board, Mr. Carlos Pools and Construction, Inc. is one of the leading companies that build the best pools in the region, without charging huge overhead costs, unlike several Large Pool Companies. It takes pride in building quality pools, all at a fraction of cost. It charges a reasonable price starting from \$22, 995, for a complete swimming pool. The professionals at the company are well aware of the fact that each home is different and so is the choice of every homeowner. Taking this into consideration, they strive to build a pool that meets the expectations of the homeowners. Furthermore, for customers who wish to beautify their pools, the company also provides options for adding waterfalls or landscaping.

Mr. Carlos Pools and Construction, Inc. is committed to building the finest pools in the region, while utilizing the cutting edge equipment and highly advanced pool technology. Additionally, in order to provide customers with the best of swimming pools, it uses only the top quality Pentair products that are helpful in saving energy costs by up to 90%. Based on the three principles of quality, service and schedules, the company has been able to deliver unsurpassed pool building services throughout Southern California. It provides customers with prompt and responsive services, while accomplishing its goal to make "every customer a happy customer".

Mr. Carlos Pools and Construction, Inc. strives to maintain long lasting and friendly relations with its customers. It has gained huge popularity for providing a wide range of services that are required for building a complete pool. These include excavation, steel reinforcement, plumbing, electrical, tiles, coping, plaster, etc. The firm has employed a team of highly skilled and experienced design professionals who focus on blending every pool, spa and water feature with the landscaping, decking, rockscape and exterior of the home.
