Mr. Carlos Pools Inc. â€œ Committed to Building the Finest Pools in Southern California
by [Anderson Kevin](#)

Article published on March 6th 2012 | [Customer Service](#)

Mr. Carlos Pools Inc. is a reputed family owned business that was founded in 1959, with an aim to build high quality swimming pools across Southern California. The team of skilled and experienced professionals at the firm delivers a combination of highly professional and personal pool building services, in order to ensure complete customer satisfaction. The experts provide comprehensive advice on the various options in swimming pools and also help customers in choosing the right size, shape and layout of the pool, according to area where it has to be built. Since inception, the company has been building the highest quality swimming pools and providing unmatched customer services, which have set it apart from other pool building companies in the region.

Mr. Carlos Pools Inc. is licensed through the California State Licensing Board, and has maintained an excellent reputation quality by maintaining a friendly relationship with its customers. It is known for building the finest pools in the region, without charging huge overhead costs, unlike several Large Pool Companies. The firm takes pride in building excellent swimming pools and providing them at easily affordable prices. For a complete pool measuring 15 feet wide & 30 feet in length, it charges a very reasonable price starting from \$22,995. The experts are well aware of the fact that every home is different and that every homeowner has a different choice. Keeping this in mind, they build pools that meet the preferences of the customers. The company also offers options for adding waterfall or landscaping, for customers who wish to beautify their pools.

At the company, factors such as quality, schedules and service are given the highest priority, in order to ensure 100% customer satisfaction. Mr. Carlos Pools Inc. strives to build the best pools in the region by using modern equipment and the latest in pool technology. Furthermore, it uses only top quality Pentair products which help in saving energy costs by up to 90%. It offers a wide range of services that are required for building a complete pool, including excavation, steel reinforcement, plumbing, electrical, tiles, coping, plaster, etc. The talented design professionals at the company focus on building quality pools, spa and water features that perfectly blend with the landscaping, decking, rockscape and exterior of the home.
