Combatant Email Conversion Program for Lotus Notes to Outlook Migration by [AlanWilson](#)

Article published on July 9th 2012 | [Data Recovery](#)

MS Outlook and Lotus Notes are the two most popular email clients preferred in the organizations. In the long Outlook is one step above as it attracts a large number of users who want to use a simple interface emailing client. Lotus Notes is an enriched email program but there certain reasons that leads to Convert Lotus Notes to Outlook are if the user is going for a job change, temporarily shifting ( e.g. holidays)and requires direct connection to the server etc.

The highly competent NST to PST Converter is designed in such a way that it carries out the Lotus Notes to Outlook migration process smoothly and in a very short time. This high quality converter exports all the nsf items such as emails, calendars, journals, texts, notes, attachments, address book etc. into the pst file. Lotus Notes to Outlook Conversion software creates exactly the same folder in Outlook as in the Lotus Notes without modifying the file items and structure. This data renewal device supports almost all the versions and takes a complete backup of the nsf files before the Lotus Notes (NSF) are converted to Outlook (PST) file.

Before making the purchase of the Lotus Notes to Outlook converter you can go through the product reviews of different brands. Download the FREE online demo versions allowed and get a thorough knowledge of the ambitious features of the product and the conversion process. The File Saving option is restricted in the test edition. If the product meets your requirements and appeases you buy the full licensed version of the NSF to PST Converter.
