Article published on May 19th 2012 | [Destinations](#)

Are you a nature-loving tourist? Does your travel fancy include exploring untainted parts of nature, soaking the beauty of sea, sand and sun or discovering wild & aqua life? If yes, it's the best time to give your dream a reality. Take a tour package to Singapore, Thailand or Andaman, and enjoy a great time within arms of nature. Renowned for their unique geographical features and pleasant climatic condition, these places have been treasure troves for nature-lovers. Scroll down the page, and read more about holidays to these sparkling jewels of Southeast Asia.

Singapore Holiday: In Singapore, you will find an abundance of natural beauty to explore. A cluster of over 60 small islands, this beautiful land is endowed with superb scenic beaches, dense green forests, lovely hill resorts and a wealth of flora & fauna. When it comes to discover marine life of Arabian Sea, no other place is better options than Singapore. To promote Singapore tourism, this tiny city/state has established tremendous tour facilities and a number of modern systems preserving its natural resources. The Underwater World, Night Safari, Singapore Zoo, Jurong Bird Park and Sentosa Island are some must-visit place for nature lovers.

Thailand Tour: Treat your eyes and senses with amazing fusion of land and water. Discover tropical Islands, scale gorgeous hills, ride through mystic backwaters and trail across dense green forests; take a tour to Thailand, and you get your dream holiday experience. Along with that, interesting cultures, world-class shopping and delicious Thai cuisines will leave you enchanted at the end. A Thailand tour usually starts for the capital city of Bangkok, where you can appreciate the full beauty of green rainforests along with discovering region's diverse wildlife and enjoying many environment-friendly activities. Head on to Phuket or Pattaya, and enjoy superb beauty of sea, sand and surf. For adventure and cultural enthusiasts, visit to Chiang Mai and Chiang Rai is the best selection. Come to Southern Thailand and explore rich flora & fauna and a rewarding eco-tourism.

Andaman Trip: An emerging eco-tourism hotspot, Andaman & Nicobar Islands is a union territory of Indian subcontinent. Well-renowned for a unique topography and astonishing traditions & lifestyle, it makes a perfect getaway to eco-tourism enthusiasts. The uniqueness lies in high degree of endemism, particularly in wildlife and avifauna. More than 84% of its land is covered by dense forests, which are home to a wide range of animal species, birds and plants. Apart from that, tempting waterways, lofty hills, pristine coral islands and a clean and pollution-free environment make Andaman tour the right choice for nature-loving tourists. Annually, thousands of travelers from across the world come here to enjoy its heavenly beauty.

To make your trip hassle-free and enjoyable, numerous travel agencies arrange package tours. A variety of packages are available for pleasant Singapore holiday, Thailand trip and an Andaman tour. Conduct an online research to find your most suited tour package.
