Santiago Have a Blend of Modern and Historic Architecture by [SeaBreeze](#)

Article published on December 16th 2011 | [Destinations](#)

Santiago is capital and largest city of Chile. It is known for its modern look, shopping centers, and stunning high-rise architecture. It is a buzzing metropolitan area, which only gets more popular with each passing year. To get around Santiago is easy. It hosts one of the best underground Metro's in the world. It is extremely efficient, safe and clean. You will quickly get from one side of the city to the other. The city itself lies in a bowl-shaped basin formed by the Andes; these majestic mountains form a breathtaking backdrop, when visible.

Home to a third of Chile's entire population, Santiago is a growing metropolis and the cultural heart of Chile. However, the city has seen incredible growth in its economy which is reflected in its infrastructure and blend of modern and historic architecture. And there is no better place to witness this than in the Plaza de Armas with a view of the Metropolitan Cathedral, reflected in the mirrored windows of Santiago's modern high rise structures. Santiago Chile is really very safe, but it is advised wherever you travel to take as many precautions as possible. This way you will not put a damper on the most important thing, having a great holiday.

But if you are considering traveling within Chile then it is important to understand that Chile itself has only one major airline, which services international as well as national flights. And when taking a domestic flight or traveling from the UK, it is good to know that there are many Cheap Flights to Santiago available to help get your journey underway. Either way, you are sure to find that you will not be short of interesting things to see and do when visiting Santiago.
