Electronics Dubai - Revolutionizing the Concept of Traditional Electronic Shopping in the Region by [Kenneth Brian](#)

Article published on February 23rd 2012 | [Entertainment](#)

Dubai has become the hottest sensation for import and export of electronic items around the world. Customers in Dubai has shown great interest in buying electronic items of international brands which has attracted multinational corporations to invest in Dubai's tax free economy paving path for customers around the world to buy international brands electronic items at cheap prices. Another main reason behind the rapid increase in import of international brands of electronic items is due to the market saturation in western countries had not stopped. Due to rapid saturation and market shrinkage in western countries like UK, USA, Canada and others manufacturers started to look around in other areas of globe looking for safe and healthy investment. Dubai has turned out to be the safest place for market contenders in the rescue of manufacturers. The vibrant and firm economic market of Dubai provided manufacturers a firm ground to stand even at times when markets around the world were shaking.

Economy of Dubai has its firm footings on energy resources as well as other many sectors such as real estate business, tourism and many more to go. Due to this, the per capita income of the country has significantly been high as compared to other countries of the world which increases the customers buying power giving manufacturers a breath of ease at times of financial meltdown. Japanese suppliers and manufacturers were the first one to capture the high potential market of Dubai in electronic and auto mobile items. However, the situation has changed dramatically and today European manufacturers are controlling electronics in Dubai. Many new concepts have been introduced first time by European manufacturers and investors in this part of the world which proved to be great appealing to customers and gained lot of success. Dubai is also a potential market for gadgets and great deals on iPhone Dubai always open their arms to the iPhone lovers in Dubai. Today the Dubai mall's shelves are filled up with European and American products in electronics items and every international brand is easily available in all malls of Dubai. Management is something that has proved to be vital for success for European and American brands and they have played great customer-luring strategies for luring customers.

When talking about Dubai's market, one thing that has to be kept in mind that Dubai is an international city with people from every part of the world having different backgrounds and diverse cultures, to attract such diverse population variety of brands is a necessity and this is what American and European manufacturers have provided to customers. Each year millions of tourists from around the globe visits Dubai for tourism, attraction in Dubai and shopping purpose, being tax free zone Dubai is a paradise for shopping lovers attracting shoppers from every part of globe. To meet the needs to such diverse and massive population, there are many brands in Dubai that attracts different sects of population. Being in Dubai means that you are sure to get all your desired international brands in Dubai of great quality at cheap prices.

Electronics in Dubai has now taken shape of an industry and today there are many massive shopping complexes built for electronics items. Sharaf DG is a revolutionary concept of electronic items in Dubai ranging all electronic items from all international brands. Sharaf DG is not just an electronic superstore rather it is complete new lifestyle giving customers freedom to have all sort of electronic items, gadgets and appliances under one roof altering the way of traditional shopping.
