Baby crib rentals- a Modern Day Necessity by [James Blee](#)

Article published on February 29th 2012 | [Family](#)

A baby crib is a small bed with raised sides to prevent infants from falling over. It also can be swung to and fro to charm them or pacify them when they get angry! It is specifically for kids below three years. .

Started by some stay-at-home mothers, considering the discomfort of carrying all the baby stuff right from a rattle to a stroller when travelling with your baby, there has been an increasing growth in the business of baby crib rentals over past few years. Many good companies have been added to this list. Besides these companies, baby cribs and strollers can also be rented from many family friendly attractions such as zoos, theme parks etc.

Keeping in mind the increasing demand of baby crib rentals, various standards have been set by The Consumer Product Safety Commission on baby crib rental. A large care is taken care-off of the comfort and safety of the baby in crib rentals business. This includes the use of "organic cotton"™ or "latex"™ mattresses, sturdy and intact bars, and the sides being high enough for a baby to climb.

Baby cribs are available in various attractive colors, designs, and sizes. This not only enhances baby crib rental but also provides a wide range of choice to the customer in order to make sure that they pick one that they love. They are also available in many different styles such as The Jenny Lind, Sleigh, Mini, Round etc. and are usually made of solid wood such as oak but can also be made of cast iron. You can also avail for either a stable baby crib or a portable one.

So, next time when travelling with your baby, just take care of your infant and leave the rest to the crib rental companies!
