Louis Vuitton Monogram Multicolor is Classic One by [Candytao](#)

Article published on February 8th 2012 | [Fashion](#)

Louis Vuitton Monogram Multicolor, it is the classic one, which can represent the brand and its return to classic series. Since the brand suggests, the producer new Speedy 30 is crafted from Monogram canvas and has microfiber lining. This new LV bag may be also a producer new interpretation of the cylindrical holiday bag. Sized at a large design to give convenience to its consumers, the round whole body can incorporate all of your daily necessities. As well as the patch pockets within are designed for brand cards, cellular business phone collectively with other accessories.

The pattern on white leather sounds fresh. And the leather strap is adjustable. The whole bag measures almost 15.1 x 6.6 x 15.4cm. I think no one want to carry a large and heavy bag when going shopping. So, in my opinion, the Louis is appropriate for you. On the sun, if you wear a pair of sun glasses, with the brass on the bag shining, you become very pretty on the street. People may think that you have the temperament for stars. In fact, you are the shining star with authentic Vuitton handbags on the street. People may think that you have the temperament for stars.

And we usually classify bags into various groups according to different materials or different collections, so there comes the famous lines like the Monogram Canvas, Monogram Multicolore, Monogram Vernis, as well as the Alma, Mahina, Sunset, Speedy and so on and on. But there is another way for classification â€“ by colors. And when you pick the bags in a common color from different collections, you may also get some fun and have some stunning descries.

Therefore, owing to the popularity of the brand, Louis Vuitton replica designer purses are in great demand. These attractive designer purses have a very fine aesthetic look and unparalleled craftsmanship. The replica designer purses can easily be teamed up with most of the outfits. You can carry its huge variety of designs with evening gowns, prom dress, and casual wear easily.

As for the most practical one, it is the Louis Vuitton Monogram Multicolor with natural cowhide leather trimmings; it gives off a relaxed and slouchy feeling. Obviously they are very different in silhouette. Both of them are distinguished due to its own personalities. What we can't deny is their functionality to our daily use. For example, besides the high quality, they offer you extra pockets for additional storage. And as far as I see, whether you believe or not, it is true.
