SARS e-filing and its benefits by [Dkfinancialplanning](#)

Article published on February 10th 2012 | [Finance](#)

SARS e-filing was launched in year 2004 in order to serve one main purpose and that is so simplify the process of manual tax submissions by using online methods that are more secure and safe to use. This is free online service that will make the work of tax payers much easier as there is no need for them to stand in long queues any longer because they can simply do it online that saves all the hassle. This is one of the best methods for individuals and various businesses to perform their tax transactions that include various steps such as registration, form submission and tax returns and payments. All these things can now be executed online which is considered as the much safer process to do it as compared to the manual tax submissions. SARS e-filing service is accessible to all tax payers no matter if they are individual payers, practitioners or business and the service is free of charge.

Only thing tax payers need to do is to log on to the internet and create a SARS account and they can perform all their functions like registration, submission of forms, tax returns and payments and also various other functions through SARS e-filing. Anyone who is from business or tax practitioner can make use of this service online which will not cost you anything. SARS e-filing service has taken the market like a storm since it entered into the business. The popularity and the strength of the system have been constantly increasing without a respite. Since it has started a lot of individuals have submitted tax returns through SARS e-filing which has made the whole process much easier and convenient for them to use.

There are few other tax e-filing services like secondary tax on companies, trusts, advanced tax ruling, request for tax clearance, tax practitioner registration, tax calculators, VAT vendor search, security transfer tax and air passenger tax payments to name a few. There are a lot of benefits that you can reap through e-filing, firstly, there is no need for you to stand in long queues and also there is no need for you to worry about getting your work done in office hours or sometimes taking a day off to perform your important tax duties. You can make your submissions, online which you can access anytime no matter where you are as far as you have the internet access with you. In case, of you are already registered for e-filing, you might not be aware of the fact that you are allowed to have more time to compose submissions and payments. However, if you have a VAT business record, it is now possible for you to make payments even on the last day of every month. Also, with the help of this account you can easily access to the history of your account which will help you in seeing old payments made, submissions or the one which are left. There is also a service of sending you a notification through SMS or e-mail if you have a submission outstanding.
