Argan Oil: a Fabulous Organic Skin Care Gift by [Jacksonsims](#)

Article published on April 18th 2012 | [Health](#)

Argan oil is highly rich in phenolics, carotene and tocopherols (vitamin E), all these are include all powerful antioxidants and also squalene, which is very strong skin moisturizer. The argan oil contents prevents the skin problems with the effect of the UV radiation in sunlight, which would cause severe wrinkles and leathering of the skin if nothing was made to protect it.

The potent antioxidant properties of Argan oil allow it to demolish the oxidizing free radicals that can break your cell membranes and gradually demolish a great number of the cells in your body, with your skin cells. These free radicals are produced not only by sunlight, but also by pesticides and atmospheric pollution from industrial and traffic emissions and tobacco smoke. Free radicals are also created during the cellular respiration that is your body's method for creating energy in your cells from glucose and oxygen.

As they eliminate the cells in the skin, they quickly form deep wrinkles and you look very old than you really are. This oil also protects this and also utilized by anybody to assist their skin remain looking youthful always. This oil is a vast gift for all women.

Thus, this oil is not rich source of antioxidants but also includes moisturizing squalene that remains your skin smooth and moist and also lots of health-promoting fatty acids. This is one of the really a best gift to give anybody. It can be utilized as nourishing night oil and to prevent the skin in dry weather and cold.

Argan and Lavender oil together is a best soother for your skin after exposure to the sun and also very effective for brittle nails, you can create them stronger and cuticles softer by using the oil to them every night. This is also very effective for face and hand, you can rub this oil on hand and face it keeps them smooth and soft. This oil is a solution of all types of health and skin issues such as hard, dry, wrinkled and rough skin and an exceptional option for anybody as an organic skin care.

The oil has created a number of remarkable utilizes like as a cream to eliminate a stretch marks after pregnancy by a woman who was sensitive to regular anti-stretch mark creams and is also a best to utilize for your scalp and hair if you have been out in sun for long time. It creates your hair silkier and removes the brittleness.

The fatty acids assist support the immune system and also assist to keep moisture in your skin and the mucus membranes of your pulmonary and nose system. They also assist to normalize the blood pressure, cholesterol level and also reduce the threat of diseases of the cardiovascular system.
