Glendale Cosmetic Dentist Reviews How Snap on Smile Can be Used for Patients with Cosmetic Dental Problems by [Hanne Muhlfeld](#)

Article published on August 23rd 2012 | [Health](#)

Both adolescent and adult patients often wish to remedy what they might consider to be a less than perfect smile. Not to worry! Teeth that are dull and dark, crooked or misaligned can be treated with various cosmetic options that will give you something to smile about! Our Glendale cosmetic dental office provides several cosmetic treatments to perfect your smile. Today weâ€™d like to discuss one increasingly popular cosmetic treatment choice - Snap on Smile.

Snap on Smile is a terrific product for those patients wanting to dramatically change their smiles in a short amount of time. Snap on Smile is a dental appliance that fits over existing teeth. It can provide a great solution for those who wish to cover crooked teeth, dark or stained dental enamel, or even large gaps of space between teeth.

Generally speaking, Snap on Smile is less costly than other cosmetic options. Most patients are able to wear their Snap on Smile dental appliance for three to five years before needing to replace it. This allows patients to take advantage of a short-term cosmetic dental solution while researching other, more permanent cosmetic alternatives. Of course, you can choose to continue using Snap on Smile in lieu of alternative treatment if youâ€™d prefer.

One advantage of Snap on Smile is that the appliance is totally removable; your teeth and existing dental enamel are not damaged, and there is no need to file down any healthy tooth structure. Should you choose to have other cosmetic procedures done after using Snap on Smile, your teeth will still be strong and healthy, making them receptive to treatment.

Snap on Smile really can transform your smile in a short amount of time. If you have an special event in the near future, Snap on Smile may be the timely treatment option you have been looking for. For more information or answers to your questions, please call our Glendale cosmetic dentists or send an inquiry online.
