IT Woodwork can craft shaker kitchen designs that are as durable as they are of the finest quality by [James Blee](#)

Article published on June 18th 2012 | [Home](#)

---IT Wood Work is a small Bristol-based team of cupboard makers that specialise in crafting the finest quality shaker kitchen, storage cabinets, and indeed bespoke kitchen designs for all customers across the city and beyond.

Based in Bristol we have a strong customer base, and a wealth of experience crafting bespoke shaker kitchen solutions, and indeed all manner of kitchen designs. The Shaker Kitchen, and indeed all of the bespoke woodwork that we craft, are as affordable as they are functional and aesthetically appealing. This consistently ensures the satisfaction of each of our customers.

Our shaker kitchens exemplify all that is superior about the services. As with all of the furnishings that we craft, these shaker kitchen designs are crafted with meticulous detail throughout the entire design process, and we guarantee that the finished piece will perfectly fit your chosen environment.

All of our interior furnishings are manufactured from only the highest quality birch plywood. The doors that we affix to the cupboards of the shaker kitchen designs are crafted from solid European oak wood. To complete the quality that youâ€™ll find throughout our shaker kitchen designs, the meticulous design that goes into each finished kitchen to the fact that we only use the finest soft close blumotion drawer runners and hinges.

Another aspect of the business that sets us apart from other leading kitchen designers is the fact that we maintain an environmental policy of sustainability. Our designs are crafted using only one hundred percent sustainable timber. We have an active partnership with the Woodland Trust. Through this partnership we are involved in the re-planting of the UKs native or lost woodland, and through local fundraising we are making a real difference too.

If youâ€™re looking to find an environmentally-responsible, meticulous manufacturer of some of the foremost shaker kitchen, painted kitchens or storage cabinet designers whom will design you a kitchen that is as aesthetically pleasing as it is durable, then you need only consider one name and that is: www.itwoodwork.co.uk.
