---Are you expecting twins, and are hence looking for a reputable retailer of twin cots? Have you scoured the internet in the fruitless search for a retailer that can offer you some of the best twin cots anywhere online, only to be left disappointed? If you can surely answer yes to these questions then you need only consider one retailer, and that is Shanticot.

As a bunk cot company of considerable note, Shanticot has over forty years experience working in childcare development. Company founder, Tom Shea has a wealth of experience in all aspects of childcare development, having been involved in many influential areas of emerging childcare strategies. This experience has seen his involvement in the rapid growth of the brand, and hence has the acumen to provide a retail service that perfectly caters to the needs of any customers requiring twin cots.

The twin cots and bunk cots that we supply are uniquely and innovatively designed for both babies and toddlers. The principal advantages of our bunk cots and twin cots far outweigh leading cots from competing brands. They are great value for money and provide supreme space saving solutions. They are innovatively designed to encourage independence in a growing child, and these twin cots also feature a design to reduce back strain for the parent or carer, as they feature an adjustable bunk height and upper drop side.

If you're still unconvinced that Shanticot's bunk and twin cots are not quite for you then you need only consider the positive testimonials that our customers have said of us. Humpty Dumpty Nursery said of us, "Superb! Everyone is happy with the cots!" Now you don't get higher endorsement than that!

Should you like to find out more information about the twin cots that Shanticot can provide, or indeed if you would like to contact us to discuss your bespoke requirements, then you need only come to our website at: www.shanticot.co.uk.
