Bathroom Electrics vanity units will brighten up any bathroom environment by [Mary Porter](#)

Article published on June 21st 2012 | [Home Improvement](#)

---Bathroom Electronics is an online ecommerce retailer that has significant experience supplying the retail and trade sectors with bathroom vanity units, and indeed all manner of bathroom design solutions. The diverse selection of products that we can supply range from whirlpool baths to taps, waterproof TV's and everything else in between.

Throughout our product range you'll find that all of our products are advertised at highly cost-effective prices. The quality of these products is without question, and our dedication to ensuring that each and every customer is one hundred percent satisfied is at the forefront of our business model. Indeed, so confident are we that our bathroom vanity units, and indeed the whole of our product range, are competitively-priced that if you find similar products that offer a more cost-effective pricing then we'll match the cost.

The selection of bathroom vanity units that we offer will surely fit the decor of any bathroom. From exquisitely crafted furniture to ceramic basins, and our corner vanity basin and cabinet we have a wealth of options certain to brighten up any bathroom environment. The 1002M bathroom vanity units put a contemporary spin on traditional vanity units. These bathroom vanity units are designed and manufactured by our in-house team. The bathroom vanity units themselves are finished in a dark mahogany, feature a glass shelf to store your toiletries, and are sold equipped with all the relevant fixings. At just ninety nine pounds and ninety nine pence these bathroom units are as affordable as they are aesthetically appealing.

Alternatively, if you've decided to decorate your bathroom in a more traditional and simple manner the Fresh Standard bathroom vanity units are simply not too be missed. With a ceramic sink and finished in high gloss white for that immaculate shimmer, these bathroom vanity units are sold pre-built and have two doors for sufficient storage space.

For a complete overview of the range of bathroom vanity units that we can supply, or indeed if you'd like to pick out your new bathroom with a minimum of fuss, then all you need to do is come and visit us at: www.bathroomelectrics.com.
