Bathroom tiles and fittings- Essential for any bathroom by [Alwin Lewis](#)

Article published on January 12th 2012 | [Home Improvement](#)

In today's times who doesn't wish to redecorate the look of their restroom and what can be the superior way then to install stylish bathroom wall tiles and floor tiles. With so much design types available, one can now easily put their different design ideas into practice. Depending upon the customer requirements there are vivid types of bathroom tiles available that come with their own distinctive style pattern. To boost the view of your lavatory you can include a few entrancing designs, for example classic diamond contoured bathroom showers tiles.

To convert the look one can even make use of special hand painted ceramic wall tiles to enliven the look of your bathroom. These tiles with vivid shades are fired and glazed, so that the colors do not get washed off. Using enamel paint also proves to be one of the most cost-effective and efficient tile beautifying ideas that help in renovating your restroom. It will help transform the tile color design and moreover alter the boring flooring scheme to a new attractive one. Founded on the kind of rock they come from bathroom tiles can be categorized into 3 types which are Igneous, Sedimentary as well as Metamorphic.

Bathroom fittings are fairly significant too, as the restroom is the place which is most repeatedly used. It in addition has occasional guests and visitors. According to a saying that says first impression is the best impression, likewise the restroom should be hygienic and appear good for any guest to feel at ease. If the bath fittings have been ignored at the time of building your house, then it is high time that it should be modernized to look grand.

Bath faucets frame the main part of the bathroom, therefore these should be elite like the Roman, brass, waterfall, wall mounted, modern wall mounted faucets etc .,carefully selected to one's likings.

Lastly, Bathroom tiles and fittings have the power to affect you by changing your frame of mind. They can relax as well as rejuvenate you. Remember, it is your selection of tiles and fittings that verifies whether your restroom is a place you can loosen up or run away from, as soon as possible.

Together with being considered the embodiment of excellence and durability, not only in India, however also in international markets, Brand Somany, the tiles manufacturers in India has established itself as an open leader of originality and design.
