Marble Stone for Stunning Staircase Designs by [Alexander Smith](#)

Article published on January 3rd 2012 | [Home Improvement](#)

Beautiful home is one of the dreams of every homeowner. Homeowners want their homes to be perfectly stylish, fantastic and aesthetically pleasant. In order to make their home a perfect embodiment of beauty and luxury, they lavish their meticulous attention on the finer details from paint to the staircases. To make staircases an ideal blend of exquisiteness and luxury, they choose marble stone for staircases. Marble staircases not only gives exclusive look to the home but also adds functionality. It is highly used by the architects, engineers and builders because of the immense features and inspiring functions.

Marble staircases give exceptional pleasure to the homeowner as well as viewer. Its elegant look and finer details attracts immediate attention and provides a charming look to the space. From ancient times it is being used in the castles and luxurious mansions to the world-class institutions. They give extraordinary appeal and grandeur to the place. Marble tiles are perfect for the residential applications as it can give value to the property as well as enhances the overall appearance.

Architects select Beautiful luxurious marble tiles with deep honey tones. It gives ideal appearance to the contemporary and classic situations. It is available with almost all manufacturers and looks fantastic when applied to stairs. Most of the homeowners demand exceptional look and for that architect select exquisite creams and light beiges that elaborates classic designs. These are supposed to be genuine premium grade marble tiles for that stunning look.

It can be made available in several colors, textures, patterns and depth. You can buy them in different formats like perfect shiny white to the creamy, dark brown or even black one. White and off white marble has always been appreciated for its stunning looks as well as genuine purity since ancient times. This is the reason it was also used in temples or statues of the Gods. It is indeed supposed to be a pure material that can accentuate the room.

One of the major benefits of using marbles tiles for your stairs is that you can apply your own creativity (straight, spiral, curved stairs; stair treads) and create lovely patterns and designs that can match the theme and aesthetics of the room. It dissolves exclusivity as well as uniqueness to the room. Most of the homeowners choose marble for the sake of beauty and some select it for its low maintenance property. In fact, it needs very low maintenance as compared to the stones.
