Got locked out – have an ice cream as your locksmith comes before you finish it by [Stefen](#)

Article published on January 14th 2012 | [Home Security](#)

Imagine a gentle spring evening with a light breeze blowing across the river and the two of you, just the two of you having the most romantic dinner after your marriage. As you toast to a great and long lasting married life and dig into the succulent ribs and chops and the rest of the fare that has been spread in front of you for the evening, you thought that life could not have been any better.

On your way back, you drop by at the ice-cream shop and savour their latest delight as you thought that one of the best ever nights had come to a sweet end as you and your partner head back home. You park your car and take the elevator to come up to the door of your 17th floor apartment and that is when disaster strikes – you my my – you had forgotten to get your apartment keys along with you before you started for the restaurant. What you thought to be your most romantic evening has just turned bitter and become the worst ever.

Be it a situation like this or be it some other situation, like a small child at home who inadvertently locks the door behind without realizing its repercussions, a lockout is not a possibility that is outside the realms of modern day living. It may not be the most desirable situation to be in, but is something that may just happen to anyone. If you stay in New York and especially in the Manhattan and the Upper east side area and have been wondering about who to call and what to do in case you are locked out of your apartment or house then Upper East Side locksmith has all the solution to make your life less stressful and help you in your hour of need.
