Why use Screeding instead of other flooring products? by [Mary Porter](#)

Article published on April 5th 2012 | [Interior Design](#)

If you've got a large area that requires a suitable type of flooring system Screeding is one of many options that you could choose. Screeding is a fast fit, quick-drying flooring solution that's durable, hard wearing and looks mightily impressive once it has been hardened on site.

Top quality Screeding offers a wonderful flooring solution and it's perfect to use in a host of industry sectors. Different types of floor screeding are available to suit all kinds of environments and you can bet they'll be the perfect solution that's suitable for your premises.

If you want fabulous flooring at an affordable rate consider Screeding that's installed by professional contractors.

What types of Screeding are there?

Customers are provided with a wide range of Screeding options from floor screeding companies, standard, fast drying and high strength flooring are just a few of the solutions that are available.

Standard ranges of Screeding are mixed with sand and cement and they can be reinforced with mesh to prevent cracking in the future. Fast drying Screeding is a useful option to consider if you want to keep disruption down to a minimum, it can be walked upon after just three hours and within 24 hours it's ready for floor coverings. For the ultimate in industrial Screeding it's worth considering high strength products that can withstand heavy trafficking in the most industrious of areas.

Choosing a floor screeding contractor

Once you decide you want Screeding for a particular project it's time to find a reliable contractor. That's not too difficult and plenty of Screeding contractors are on the market sector ready to offer hassle free flooring installations. Look for teams like Ultimate Screeding who offer a first rate service for floor screeding they provide fixed prices for projects and charge some of the lowest day-work rates in the country.

This trusted team of Screeding specialists takes great pride in their work offering the highest levels of customer satisfaction for their clients. When you want the best Screeding solution call this client-focused team and enjoy a first-rate service from screeders that are trained to the very highest of standards.
