Mr. Pramod Manmode is a successful businessman Owner and Manages Nirmati Gaurav Pvt Ltd.

Pramod Manmode has been a prominent figure in the financial sector of the Indian state of Maharashtra. It is he who lifted the spirit of the then sagging mechanisms of co-operative societies in Vidarbha region and pioneered the movement by founding a credit lending institution by his own. Slowly and steadily, his organization gained momentum and today hailed to be the most prominent co-operative society in Maharashtra. Apart from Maharashtra, its popularity and thereby prominence has also been felt in the neighboring Madhya Pradesh. As of now, Manmode heads a total of 21 branches of the organization scattered all throughout these two Indian states.

Manmode's success can be scaled to the extent Nirmal Ujjwal Credit Co-Operative Society has been rolled forward. It is his dream project and its prominence is a result of Manmode's selfless efforts. Since its inception way back in 1990, this organization is committed to offer a well structured financial help to the poor farmers and land owners. Unlike any other privatized or nationalized financial institutions that offer the facilities of credit, Mr Manmode has made it sure that his organization is not following any stringent methods, which instead of doing any good, confuses the poor farmers all the more. So, asking this co-operative society for a financial help in case of a credit crunch is indeed a hassle-free and easy-to-understand affair.

Nirmal Ujjwal also offers a distinct help to enable the lower and middle income group (LMIG) individuals to get a possession of their dream homes. The scheme is not only available for their member share holders, but encompasses the common masses as well. Making this dream come true has been made possible as Mr Manmode has got substantial exposure in the Indian real estate market from well in advance. This gentleman is also known for his acumen in business and owns Nirmati Gaurav Pvt Ltd, a prominent construction and real estate company especially meant to suit the residential requirements of LMIGs. Today, through his housing developmental projects, Manmode has also served the society as a whole in a distinct manner.

All the experiences he has got from Nirmati Gaurav have helped Chairman Pramod Manmode greatly in managing the real estate arm of the Nirmal Group of companies. Presently, he is seen to take charge of various real estate projects in and around different parts of Maharashtra and Madhya Pradesh to help the LMIGs realize their dreams of having a dream home. With such a noble attempt, Mr Pramod Manmode has proved to remain committed in accelerating the growth of the society of which he too is an integral part.
