Pension investors slip to 38 per cent which is poor sign by [John Cena](#)

Article published on January 5th 2012 | [Loans](#)

Department for Work and Pension has revealed its data and stated that 38% of total working persons are availing the pension plan to keep their money for the last time of their life. But, the same data has also brought a data of 2000 when about 46% of total work force used to enjoy the scheme. The pension minister Steve Webb has worried about the dropping in number of pension investors.

The programmed registration system would see the firms compulsory to arrange for workstation saving plans and offer many people admittance to a pension for the first time. As per the government estimates, about eleven and half million people in Britain have invested in private pension plan. Very latest assessment from Aviva has point out that many Englishmen do not understand the total worth of their pension reserves. With pension people needs more cash with 12 month loans instant approval.

The Department for Work and Pension has revealed that the most pension endowment in England has been found in the South East region, where about 42 per cent of total workforce is investing into private pension scheme. On the other side, about 43 per cent are doing the same in Scotland. The lowermost investment in pension plans has been recorded in Ireland, London and West Midland. The financial experts have cautioned the honeymoon period of the pension plans have got over and millions of Englishmen would be left with derisory retirement vessels. Chief executive of the National Association of Pension Funds had stated some months before that the elders are not getting a proper satisfaction from the pension plans. The chairman of the pension funds has expressed that the combined view is that our superb period of pension plan has abolished and we are on the way of likely failure. NAPF represents the whole pension industry in UK. Pensioner no guarantor needs to get cash applies now for 12 month loans no guarantor.

The government has pronounced some new changes in the pension structure to shape it simple for the investors who have relocated their house or workplace to come together with a small pension plan. Pension Minister Webb has said that the UK pension funds are compromising of three billion pound of untaken pensions. It has been expected that the number of investors would go higher when the new face of UK pension scheme takes place in the market.
