Motorola mobile phones are giving tough completion to other players in the market. The devices are packed with innovative design and sport magical looks. They are highly affordable and stylish. The new Motorola phones coming from international brand Motorola are good example of innovation, sophistication and style. In fact, the company has converted its handsets into style statement and fashion and they are gaining favor with high-tech people of twenty first century.

Motorola is an America based company which is providing good quality of mobiles in India. Motorola has announced the launch of their latest dual SIM phones, Motorola EX128 and Motorola EX115. These two mobiles look exciting and offer multimedia features which was not there on other branded handsets. Motorola EX128 has a 3.2-inch QVGA (240x400) touchscreen display and 3 megapixel camera with digital zoom. It also provides GSM, GPRS, EDGE support and 3.5mm audio jack. Motorola claimed that this phone will offer 200 minutes of talktime and 250 hours of standby battery time.

The other dual SIM model Motorola EX115 has a 2.3-inch (320x240) display screen with full QWERTY keyboard. It also has a 3 megapixel camera and a FM radio. The connectivity options include Bluetooth, micro USB and 3.5 mm headset jack. Motorola has launched seven new Android phones including the Spice, the Bravo, the Flipside, Verizon Droid Pro, the Verizon Citrus, the Flipout and the Defy. Motorola claims that these are the first ever smartphones built on Android for business users. The company has taken care of security features to avert any problem.

The Motorola W403, Motorola Wi410 and Motorola Heron in India are upcoming mobile phones. Motorola Heron is special mobile in this launched series that is powered by Android operating system. It is boasted of a 3 mega pixel camera with LED flash and digital zoom. The handset works at frequencies of GSM 850 / 900 / 1800 / 1900 / UMTS 850 / 1900 MHz. In terms of memory, the device is pre-loaded with 128 MB RAM and 256 MB ROM. Its dimensions are 104 x 57.5 x 4.41 mm and are packed with a powerful battery that provides talk time of up to 6.7 hours and standby time of up to 220 hours.

The newly launched Motorola i410 is from factor bar flip mobile phone which comes loaded with 1.79 inches of TFT 65K colors display screen that delivers resolution of 128 x 160 pixels. Motorola W403 is a from factor flip mobile that measure 95MM x 46MM x 16MM and weighs 76g. It has a 1.8 inches TFT 65K color display screen that provides better quality of display. Among hottest Motorola phones of today, Defy and Flipout have been successful to leave a good impression on the mind of handset lovers.
