The bold and warm welcome of Nokia Lumia 900 by [Shown Tait](#)

Article published on April 20th 2012 | [Mobile Phones](#)

This is not old news that the throne of the smart phones goes to Research in Motion but now the situation is different as BlackBerry is now concentrating on its core business customer base to compete with their rivals such as Apple, Nokia and Google. Nokia is entering the mobile market with a very attractive handset at very affordable price great features.

Nokia is hoping for a warm welcome of its new gadget and is trying to remove its faded image that was developed earlier in the mind of the users. Nokia was not given much of preference in US especially their smart phones. The Nokia 900 works on Windows phone version 7.5 or mango. Moreover its hardware and operating system are truly admired by the users.

Windows phone are latest and very dissimilar from Android and iOS moreover is a superb alternative. This window phone is created keeping in mind the preferences of the users. Its colorful boundary, tiles that are animatedly update with pictures and to show the number of emails in your inbox. There is a people hub tile that indicates the persons you have recently called or you may also observe the updated posts and activities from your friends on twitter, LinkedIn, Face book and Windows live in other words all are gathered at one place. All the US carriers AT&T are making a bet on Lumia 900. The gadget is available in black or blue versions but now the white model is also available.

Nokia Lumia 900 deals @ <http://www.mobilephonedeaoffers.co.uk/nokia-lumia-900-deals.php> is a slender gadget with a weight of 5.6 ounces not very light. Its internal memory is of 16 GB but that can be expanded moreover it has a free cloud storage that is accessible through Microsoft sky drive. The gadget can strike into AT&T zippy 4G LTE network and is 10 time fast than 3G. The Lumia 900 also runs on HSDPA and is for times faster than the 3G and this is for those for whom LTE is out of reach. The smart phone has a very respectable 4.3 inch AMOLD screen. Its camera is based on Carl Zesis optics, dual LED flash, wide angle lens and can shoot the videos of 720p HD. With this 8 mega pixel camera you can take the picture when the mobile is locked.
