Stage Lighting Equipment: Essentials of Performing Art by [Julia Roger](#)

Article published on March 12th 2012 | [Music](#)

A disc jockey or DJ is a person who plays recorded music for the audience. The program can either be live or on radio. They need specific equipments to co-ordinate this. DJ equipment for sale can be searched and prospective buyers can purchase them.

In general, DJ equipments include sound recording equipments, computer and media files. They also require music players like Compact Disc Player, MP3 Players or computer media players. A multiple sequencer to mix MIDI tracks and Digital audio is also essential. A public address system for magnification of sound is required. Electronic effects units and a computerized performance system are also part of DJ equipments including Special DJ Digital controller. All these equipments are required to provide the best effect for the audience.

A live program should always be a combination of audio and visual treat. Lighting multiplies visual effects. Stage lighting equipments are used for this purpose. Stage lighting forms an important aspect of theatre art and plays in important effect in enhancing and holding the audience attention. There are various types of stage lighting equipments which provide illusionary effects. The stage lighting has various functions. Selective visibility makes the stage clear and visible to the audience.

Focusing equipments and lights are used to direct the attention of the audience to a particular portion of stage. Projectors also form a part of the stage lighting equipment as they concentrate on the scenery for the art. Stage lighting equipments provide special effects by controlling the intensity color and focus on stage. Any illusion can be created using stage lighting equipments. Without these lighting options, the play or performance would become dull and unattractive.

The stage lighting equipment is an important part of any performing art and dj equipment for sale and stage lighting equipment can be used to enhance, attract and capture audience.
