Make My Trip has comparison engine for international flights. The process for comparing flights for different locations is very simple and straight forward. You begin with selecting international flights on the flights menu. The next step is filling in some details which are:

• From: You have to choose your source location from where you will depart

• To: This is the destination where you want to arrive

• Travel Dates: You have to choose the date of departure and date of arrival. Keep dates flexible to see more results. It will ask you option whether to keep dates flexible or not (+- 3 days)

• Class: Whether you want to travel in economy or business class

• One Way or Round: Whether you want one way or return ticket. It could be multi city too.

• Number of People: Total number of travellers with you including children

Once you fill in the above details, a search result will appear where you can see all the flights from your location to destination location. You can get more details by clicking on particular flight. You can get details such as flight duration, scheduled stops if any etc. You can also set certain parameters to refine your results. You can set price range so that only results within the specified price will be shown. You can also set airline preference which will show all the flights of particular airline carrier chosen by you. You can also change dates to see whether more flights are available or not. You should also check the airlines refund policy in the case where you might have to cancel the trip or change the travelling dates.
