The Unique Features of Dog Dryers by [James Blee](#)

Article published on April 11th 2012 | [Pets](#)

Most pet owners worry about the groomed look of their dogs. They feel happy and proud when someone praises about the beautiful appearance of their cute dogs. But the secret behind this groomed appearance lies with the dog dryers, which not only make your dog look more beautiful but also appealing in its appearance. Various types and brands of dryers are available which can make you fall in a dilemma which one to opt for. Some models of dryers are smaller in appearance, but the volume and pressure that it emits can give your dog a quick drying effect with reduced wet odor.

Some models are not fitted with an auxiliary heater which is in fact beneficial for your pet as it will feel comfortable and can get soothing effect when used. These models have a set temperature and once attained this limit, the dryer automatically puts off further heating. There are variable speed adjustments which can dry your pet's fur coat with ease and convenience. Generally dogs behave a bit skittishly when near to annoying sound of motors. These dryers are designed in such a manner that their blower traps and absorbs the motor noise thus creating environment friendly atmosphere.

Added to this, these dryers also help in eliminating certain atmospheric disturbances with its unique air-intake design. The hose which comes along with the product is spirally wound, double walled and long enough to reach any mounting location. Fitted with rubber feet, these dryers can be made perfect for permanent mounting just by removing them. Care and maintenance for these dryers involve simply cleaning the intake filters which are easy to access and calls for no extra assistance.

The soft molded nozzle fitted with the dryers enhances the safety aspect. The length power cord is made to adapt heavy duty and is grounded for your dog's safety. With so many irresistible features, these dog dryers prove to be an efficient device in giving your dog a salon look.
