BPTP Terra: Eco-friendly residential home by [Vishnu Swaroop](#)

Article published on August 13th 2012 | [Real Estate](#)

With developers' eco friendly approach, enjoy life amidst nature

Realtors, architects and builders have invested a lot of time and money in growth and development of real estate. This is partly the reason why the real estate market has seen an immense rise with every passing year. With the increasing population arise the need of better accommodation and the requirements one has for the day-to-day life. Considering this, BPTP Group has come up with an ambitious and eco-friendly residential project to fulfil the needs of housing in Gurgaon. BPTP Terra Gurgaon has been put up in sector 37D Gurgaon that makes the project easily connected to the heart of Gurgaon and prime locations of Delhi.

BPTP Terra Gurgaon is offering 3 and 4 BHK apartments expanding over a wide area of 1650 sq feet and 2000 sq feet respectively in a G+20 structure. The area around the residential apartments is surrounding with scenic greenery and landscapes that shall offer the area an innovative and modern look. The upcoming apartments are designed to meet contemporary and high profile lifestyle which are inclusive of a modular kitchen, imported marble flooring in living and dining room, big and spacious balconies and big wardrobe section. All these specification shall provide a successful urban living experience.

BPTP Terra apartments shall be strategically built around an area that shall give its residents a peaceful surrounding, away from the pollution and noise of the city centre. As mentioned above, BPTP Terra will be an eco-friendly area; the area is designed to have day light, windmills, rain water harvesting, solar power generation and state-of-the-art waste management system. Owing to the solar and wind power generation, the project vows to reduce the consumption of power and set a landmark amongst other projects. All these facilities will make living in these condominiums a desirable residential project.

Apart from all these facilities, the premises shall use 7 acres of sporting facilities where the residents and their families can enjoy sports. With facilities of soccer field, squash court, tennis court, cricket pitch, swimming pool and gymnasium, one can lead a healthy life. With 24 x 7 power and water supply, daily chores will run uninterrupted. The premises will also hold an exclusive modern clubhouse which will be a place where time can be spent leisurely by being consumed in fun-filled and relaxation activities like spa, saloon, food court and indoor-outdoor games.

Reaching BPTP Terra Gurgaon will be easy as it is expected to be located at an excellent location on Dwarka Expressway. This location shall allow the resident to stay closer to prime places in Gurgaon including Rajiv Chowk, IFFCO chowk, propose metro station, railway station and the Indira Gandhi International Airport, New Delhi. One of the most talked-about residential projects in Gurgaon, BPTP Terra, is best to opt to stay in the lap of nature yet stay closer to your social circle.
