Property in Noida: Witnessing high level of success by [Vishnu Swaroop](#)

Article published on February 9th 2012 | [Real Estate](#)

Property in Noida has seen a huge growth in real estate sector in recent years. Various organizations are investing huge sums of money in the projects worth crores. Amr infrastructure kessel i valley and The Merlin are two of such big projects that will change the complete scenario of real estate sector in the city in upcoming future. AMR group is the top runners in development area of real estate sector and the organization has recently launched a new project titled as amr infrastructure kessel i valley.

AMR group is one of the reputed organizations in real estate sector of Noida. They do not compromise on quality and delivers quality work with time constraints. Their latest project of kessel i valley has already created a lot of buzz due to its excellent infrastructure and world class facilities.

AMR infrastructure kessel i valley is works with a vision of WORK-LIVE-SHOP & ENJOY. Covering a huge area of 25 acres, the built up area of this big project comprises of 20, 00,000 square feet. It includes all luxury and comfort specifications that meet with international standards. The project comprises of a grand hyper mall, known as I mall. It created a top level of beauty and infrastructure that has never been witnessed by the people in the past.

The IT infrastructure available in this project is a perfect setup for IT and BPO organizations. Various Big companies already took office space here. One of the reasons for this advanced booking is that Greater Noida is considered as the perfect setup area for tech savvy companies.

The Merlin in Vasundhra comprises of luxurious 2BHK/3BHK apartments of varied sizes. The project is situated at a beautiful location of Sector 13 that provides great access to various areas of Delhi/NCR region. In this township, there are various amenities like schools, health care centers, ATMs, banks etc. There is also availability of separate parks for children and adults within the complex. For security concerns, the complex has been provided round the clock security and fire fighting systems.

There is a 24/7 electricity and water supply available to the residents. There is sufficient space for car parking and the township is facilitated with a party hall to organize various events. The living rooms, kitchen and bedroom have been provided vitrified tile flooring. The walls and ceilings have been painted with OBD that increases the overall look of these apartments to another level. There is a granite work in the kitchen with a stainless sink. The Merlin boasts of excellent location advantages due to its location in Sector 13.

It is now clearly visible that both these projects world class facilitates to its residents. Buying a property here is therefore a matter of profit only.
