Sobha International City- Making Earth a Better Place by [Sobha](#)

Article published on July 4th 2012 | [Real Estate](#)

Sobha International City is one of the finest residential projects in the country that has a wide range of facilities in store for its customers. The project is under construction in the city of Gurgaon near NCR and is located in sector 109. It offers various facilities like highly spacious flats, well- designed apartments, a brilliant natural view, swimming pool facility and hi- tech security system.

Together with these facilities, social clubs, indoor- outdoor games and recreational facilities, landscape course along with sit- out places, tennis court as well as walking and jogging tracks are also available. At the same time, multipurpose rooms are also in offer for the residents who decide to purchase apartments in Sobha International City. The name of the project is already known to almost the whole of Gurgaon and hence, the term, Sobha International City, Sec 109, Gurgaon, is something which the people of Gurgaon are well familiar with.

Sobha International City is typically meant for the high status group who prefer sophistication and refinement to everything else in the world. The whole project ideally matches the aristocratic and delicate taste of the richer section of the society and is packed with all sorts of comfort and luxury which the people of high stature generally look for.

The eminent features of this construction project are really impressive that gives you the reason why Sobha International City is potentially one of the most exotic residential projects in the country. These features are explained below:-

Firstly, the residential complex is just 3km away from the capital. So, any resident of this housing complex can have a very convenient access to New Delhi.

Secondly, the residential complex is a gated complex which separates the complex from the outside region and keeps the complex and its residents secured and safe.

Thirdly, since the residential complex does not have the facility of schools and hospitals, it was very important for the whole project to be constructed in a location that is near some good schools and reputed hospitals. This particular requirement has also been fulfilled so that the residents who will be dwelling in this complex do not have to face any inconvenience.

Finally, this construction company has a great deal of experience in construction work and has already completed a number of projects catering to the construction of villas, apartments and row houses in Gurgaon which are known as Sobha Villas and Residences, Gurgaon.

Besides, the company has undertaken such projects in other cities as well. It has completed about 60 construction projects so far. So, by residing in Sobha International City, one can enjoy the wide experience which the company has gathered over the years.
