Why Submit PAD File with Submission Software by [Josephine Yang](#)

Article published on December 16th 2011 | [Seo](#)

It is the fact that submitting PAD file to download sites can bring you lots of back links and more sales. And the best software program doesn't get marketed if you do not promote it. In this case, if you are still submitting PAD by hand, you are out! Today we will talk about convenient way - submission software.

What is PAD?

PAD is also Portable Application Description. It is an XML format, including all the product descriptions and related information (title, version, size, price and so on) in a single place which is good for download sites to extract the data they need without you having to types it in at each site.

Why Submit PAD File with Submission Software?

Submitting PAD File with Submission Software saves time and energy for both authors and website owners. Simple clicks, you will make software submission to thousands of download sites, directories and many other targeted resources instantly. In addition, if you would like to enhance the submission rate, you are also able to complete the settings for some special download sites, such as category selection and so on.

Here, PAD Submit Worker is such fantastic submission software that can submit your software to thousands of sites in a short time. Its submission is 100 times faster than that of manual submission. Knowing exactly the rules of every download site, PAD Submit Worker can quickly submit your product with success.

Below are its main features:

Automatically and efficiently: submit PAD file to more than 1000 sites within 20 minutes. What you need to do is only to see the results.

Intelligently track: For broken links, PAD Submit Worker will notice you in the first time. While, for new links, PAD Submit Worker will also automatically update the database. Only I this way can we make sure the number of download sites is larger and larger, and the rate of successful submission is higher and higher.

CAPTCHA processing: There is no need for you to input the passwords time and again. PAD Submit Worker can automatically identify most CAPTCHA codes with the accuracy rate. Simultaneously it will also manage well of your account and password.

Improve your ranking and sales: More submission can help rise to the top of the ranking and stay there for the long-run. And then it will increase the visibility of your products. More visitors mean more sales.

In a word, PAD Submit Worker is both a wonderful PAD generator and a submission tool. So if you would like to find an effective method to promote your software, then it is your best choice!
