An ecommerce portal for electronics providing user experience like no other by [Kunal Advani](#)

Article published on July 10th 2012 | [Shopping](#)

Every second 3110 new mobile phones bought 7.71771,181,357 sets in use in January 2012 for 1,191,200,000 people. This is the statistics of India today. A modern boon, however, like every technical marvel, mobile phone too has a dark spot. It is now widely held as true that mobile phones emit radiation that harms brain and salivary glands the reproductive organs though the matter is still under deep research.

One way of reducing the harmful effect is timely replace of battery and phone set. It therefore makes sense to trade your old phone for new or relatively new one. And, we all know that if we ask the mobile selling shop he will offer a ridiculous sum for your phone even if it is in a fine working condition and was bought not long ago. Some manufacturers offer a buy back scheme which again, much remains to be judged. It is here Vialokal.com proves a boon. It is the best buy you can ever dream of because buyers are benefited owing to cheap price relating to reduced costs of doing business online passing on benefits to consumers.

Vialokal is an Indian e-commerce company based out of Bangalore, Karnataka founded in September 2011 dealing in electronics and telecommunications products like laptops & accessories, mobiles & accessories, cameras & its accessories, etc. Recently, Vialokal has introduced two new categories related to entertainment products for youngsters include gaming consoles, accessories and gaming titles. Another product category introduced by Vialokal is primarily (but not limited to) for business segment. This category provides a wide variety of products like paper shredders, laminators, binders, calculators, bar code scanners, printers an the like.

Vialokal provides a variety of payment options which include credit cards, debit cards, net banking, vouchers, cash cards and Cash on Delivery.

Although, it provides more than 10,000 products for its consumers to choose from, its primary product categories for which they provide a massive array of variety still remains laptops & accessories, mobiles and accessories and cameras and its accessories. Not only you can purchase products like mobile phones from a huge variety at the discounted rates, you may compare mobile phone prices in India on Vialokal.com

As for cell phones, while Vialokal provides all the latest in 15 leading world brands there are many more in store. Be it the Y-Generation brand mobile or PDA, fresh out of the lab or time-tested brands. Vialokal.com gives online shoppers an unrivaled opportunity to benefit mutually.

You will also receive huge discounts and be able to compare select models on digital camera price in India from several other platforms. Be able to buy headphones online in India with a selection from 1000 models of 15 brands. Buy Computer Speakers Online in India with a variety to choose from provide by no other online or offline platform and a lot more products like televisions, computer cooling pads, pen drives, etc.

.

You or your life partner or your kids deserve a better deal for a safer and more pleasant life. As technology moves with the seconds-needle of the clock, it is imperative that you go for the latest at regular intervals much like you change your tooth-brush or socks. What Vialokal has amassed in their store would amaze you because the inventory runs pretty long and is exhaustive.

As a final thought, remember: Your gadget is a direct reflection of you â€¦!
