Cars are not only luxury these days in fact it is more of a necessity. With keeping requirements of people automobile companies are working hard to give us affordable as well as performance oriented cars. There are so many new as well as popular cars. There are few of them.

Hyundai Eon

One more small and a successful car from Hyundai. Hyundai has already made so many successful hatchbacks but this one has something special and in fact we can say that with this car Hyundai has set a benchmark for the small family cars. It is highly fuel efficient as well as a great performer.

Toyota Etios

This car from Toyota surely created a wave through this car. Toyota doesn't make this type of entry level sedan but when they entered this market they came with a bang. People are loving this car as it is spacious, comfortable, performer and what not. People who own it feel proud to have this car.

Mahindra XUV500

Within the month of a launch of this car it made very strong impact on the automobile market. With it's aggressive look as well as performance youngsters get more attracted towards it. It was believed that this car was the most awaited SUV of the year. Bookings are going high. There is no end to its success.

Nissan Sunny

The new Nissan sunny is doing really great job in the market. In fact Nissan Sunny is the first Nissan car in India and this car has made it's foot strong in the Indian automobile market. Mileage is amazing and look wise also this car has created a benchmark in this range.

Honda Jazz

Honda jazz is a first small car from Honda who is famous for manufacturing luxurious car. But this time they with their new Honda Jazz they are doing extremely well. With so many features, great performance the car is a huge hit and popular in the market.

Ford Fiesta

There are so many takers for the new fiesta due to it's awesome interiors and great features. People love this car and they feel very happy to drive it, there are so many features that too in an affordable range. The great thing is that it is available in both petrol as well as diesel engine. So it is up to your choice which one you want to purchase.

Maruti Swift

This car was first launched in 2005 and after that it totally took the market to its side and now when new Maruti Swift has entered the market people are going crazy for this car too. Its sporty look is making everyone crazy. Performance is awesome, there are not even a single problem that you'll face. The car is spacious, comfortable and surely very powerful.
