Reasons why buying Tupperware is the better Choice for Food Storage by [Ricky Martin](#)

Article published on July 23rd 2012 | [Shopping](#)

Tupperware products have been around for years and are one, if not the best plastic ware merchandise when it comes to food storage. Nowadays Tupper wares come in all colors, shapes, and sizes making it the perfect container for anything from cold cuts, to cookies, and even whole meals! Aside from versatility, Tupperware is also known for its durability and ability to keep your food fresh for longer.

When going to the grocery store, there will always be cheaper and more affordable alternatives to Tupperware. Plastics products which may look and do the exact same thing as a Tupperware does and you can get them for a cheaper price. Are buying those cheaper plastic wares worth it? Is Tupperware worth it despite the higher selling price? To help you decide here are some of the benefits of buying Tupperware containers:

Lifetime Warranty

Tupperware is one of the very few products which offer a lifetime warranty. Their products are so good that they are expected to last a lifetime and if they don't, you can get a brand new Tupperware in exchange for the one that got worn out. Most Tupperware owners may not have known that. However not all Tupperware products with damages can be replaced. Your plastic ware will only be replaced if some of its pieces got chipped due to old age. If your product fell and cracked it won't be covered by the warranty. Once your Tupperware product's surface starts to peel, then you can always get this replaced with a brand new one. Replacement can take up to a month or even longer depending on the availability of the product. If it is no longer available, the company will replace it with another one with a similar monetary value.

Environment Friendly

Tupperware has strived to be one of the best companies in the world; with this they have also made sure that all their products are environment friendly. Plastic wares can be reused anytime as long as you clean it properly, and because of this there will be lesser waste. More money is saved since use of disposable containers will be minimized, which can lead to fewer people throwing disposable plastic products all around them. Going green has become a trend recently and Tupperware is one of the products that clearly defines reuse, reduce, and recycle.

Help keeps foods fresher, longer

Tupperware containers can be your best friends in the kitchen. Most of us want to buy all the stuff that we need from the grocery all at once. So as not to spoil the food, we can keep all the ingredients in Tupperware containers which keep the air out therefore keeping the food fresher, longer.
