The game Drag racing is about flashy modified cars. Not like any other racing game, it brings the brashness and adrenaline bursting races on wild freeways. Here one has the option to customize and expand the chosen car and the aim is to cross the finishing line before anyone else. Users can choose their vehicles anything from a Honda Civic to the Lamborghini. Players can enhance wings their car and give it a paint job. One can improve his ride in diverse ways like turbo, engine and suspension. The problematic portion is accelerating appropriately at the game start. A little timing-difference might lead giving your car a jam. It might provide the other racers with sufficient time for the victory.

The game Fruit Ninja requires the players to swipe their android device's screen to slash and spatter delicious fruits similar to a real ninja warrior. Be cautious of bombs as they can explode with one touch and is enough to put an end to the juicy quest! Fruit Ninja features Classic, Zen and the amazing new Arcade mode! If a player successfully completes the game, the all-time sage ninja Sensei will accompany him on his journey with intelligent words and fruit facts.

Now you can play drag racing on pc. All you have to do is download the BlueStacks software free and experience the amazing racing experience on pc, laptops and tablets. Also available are other games like angry birds and fruit ninja on pc and many more. All thanks to this Californian company BlueStacks because the mere download of software can give access to numerous games. In addition, experience the Android games with full screen and unmatched sound effects. Moreover, players can push apps from their android phones to the downloaded BlueStacks software using its mobile app called cloud connects.

However, Drag Racing on pc with older versions of windows and some net books may not work up to the mark. The same applies for the Fruit Ninja on pc. However, limited graphics on both these games might lead to boredom in both there is a lack of challenges.
