Yahoo Messenger Download - Get the Free Instant Messenger and VoIP Phone by [Andrewhillss](#)

Article published on July 27th 2012 | [Software](#)

Are you satisfied with your current Instant Messenger? Do you prefer a better one? A perfect instant messaging service nowadays should not only have the features you needed, but also contain the convenient functions that you have not expected. Yahoo Messenger is such a feature packed tool to enhance the online communication experience, thus becomes the choice of millions of people.

Yahoo! Messenger provides the basic communications services like others, such as file transfers, free SMS chat, PC-to-PC Video & Voice calls, and video conferencing. More than that, the latest version comes with built-in photo sharing without sending the file, 2GB file transfer capability, cheap PC-Phone and Phone-to-PC calls (VoIP Phone), and webcam hosting to share live video with contacts right in your IM window.

With yahoo messenger download, more features are available. By adding Plug-ins, you can get news, ask a question, play games, listen to music and more right from your messenger window, and enjoy them with friends in an IM conversation. Make web search directly from the Search bar. Say out the animated characters for you. Make yourself appear online or offline to different contacts as you wish. Personalize the conversation with interactive themed backgrounds, various emoticons, Yahoo! Avatars, skins, and themes.

You may have the consideration that a majority of the friends do not have yahoo ID, if download yahoo messenger, it will be a troublesome to add friends. Now, it is not a problem anymore, this IM program has integrated with Facebook, and supports adding both your Yahoo and Facebook friends.

As long as the installation finished, Yahoo Messenger will prompt you to import contacts from yahoo email and Facebook to add friends. Then you can chat with online contacts, either by SMS, video call or voice call.

If your friend is offline, you can make the PC-to-phone call at a very low charge, or leave them a message or a free voicemail, which will be delivered as email attachments to the contact's email address.

In addition, this IM tool can be used in Windows, Mac, Web and mobile, thus you can stay connected with your friends not only before computer, but also keep contact on the go.

Besides Yahoo! Messenger, more free software download are available in [bestdownloadreview dot com](#), a big download website for freeware and shareware downloads. From it, you can get more than 20,000 freeware and shareware for Windows, Mac and Mobile systems sorted in 14 categories.
