A Golf Club Made by Putting in Relentless Effort on the Manufacturers' Part by [Golfaccessories](#)

Article published on June 26th 2012 | [Sports](#)

It is always the scenario that there are leaders in each area who dominate that section with the superior quality products produced by them. In the golfing scenario Callaway Woods dominates the golfing world with the advanced family of clubs that provides the golfer stability , consistency , incredible feel and increased speed. Of all the clubs manufactured by Callaway , Calaway FT-IZ Fairway Woods is a boon that helps the golfers to strike the right shot. With aerodynamic design it reduces the drag in the downswing to provide higher impact speed. The features of Callaway FT-IZ Fairway Woods include consistent , predictable ball flight with accurate and reliable distance output. It helps to deliver a response that is crisp and struck well.

With an advanced technology called the Fusion Technology incorporated into the making of Callaway FT-IZ Fairway Woods the club allows more distance to every individual golfer with minimal effort. The design of the club is such that it allows for maximizing perimeter weight to increase the moment of inertia and center of gravity which translates more forgiveness and more distance.

Callaway's only relentless pursuit has been to help the golfers achieve greater accuracy and enormous distance. Engineers have adopted a new design to recreate a product far superior to the previous driver enabling the ball to be struck straight and longer from the pitch and helps player break their limitations. Callaway FT-IZ Fairway Woods gives stable performance , fast ball speed and an incredible speed. Callaway FT-IZ Fairway Woods uses advanced aerodynamic head streamline design helps reduce the energy from the golf club to the loss of conduction. It is regarded as one of the most stable and efficient clubs. Besides the performance that it delivers to the golfers Callaway FT-IZ Fairway Woods gives excellent looks and feel to the golfers.

The Callaway FT-iZ fairway woods pushes the boundaries of technology and performance to be one of the most consistent and impressive fairway woods available in the golfing world. Callway is the desired brand among the golfers because of the technology it infuses into the making of fairway woods and it truly stands to its name.

Being a sophisticated game , golf wants the players to follow certain rules and regulations. It brings discipline in the lives of the golfers as the golfers need to follow stringent rules and regulations to emerge as an adept golfer. With increasing number of golfers inclined towards the game and the number increasing day by day , manufacturers are leaving no stone unturned to keep the enthusiasm of the budding golfers intact by coming up with products that does not wither away the efforts of the golfers.
